Bracken [02]

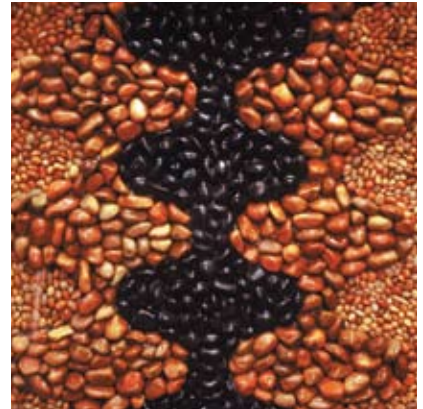

+ Pebbles offer a huge diversity of colours, textures and sizes and can be used as an accent or as a key surface alternative.

Bracken [03]

Pilbra + Ebony

A simple
architectural
solution

**Work with the natural shape of the pebbles.
Flat style pebbles such as Bracken are often
stacked or laid side up for greater effect.**

Work with the
natural shape

PEBBLES

+ Pebbles represent an incredibly versatile design element from hand placed through to textured fill and form.

COMMERCIAL APPLICATIONS

PEBBLES

+ Pebbles offer a mass textural application that is an ideal low maintenance design solution for commercial projects.

Arctic

Arctic

Arctic + Anvil

The majority of our range are manufactured from quarried stone waste such as granite, marble and quartz. Pebbles are created through a process of tumbling, and then washed, graded and packaged in user friendly 20kg bags.

Sizes

mm	10-20	15-30	20-30	30-50	20-60	50-75	60-100	75-100	100-150	150+

Pilbra		o		o		o		o		
Gloss Black					o		o			
Eggshell				o		o		o	o	o

The smaller the size pebble the greater the m² coverage per 20kg bag (refer to website for further installation tips)

Pebbles can also be used effectively as a flooring alternative (refer to flooring section to see some examples)

*All manufactured pebbles are made from quarried waste (Granite, marble or quartz)
